

PIXELJET®

PREMIUM QUALITY AND EXTREME PRODUCTIVITY

TORPEDO

10 Feet Eco Solvent Printer

A large blue and grey PixelJet Torpedo printer is shown printing a vibrant, high-resolution image of a football player in mid-air, kicking a ball. The player is wearing a blue jersey with yellow accents and a yellow helmet. The background of the image is a bright, sunlit stadium filled with spectators. The printer has a control panel on the right side with a monitor and buttons. A speed badge is overlaid on the image.

SPEED 120* SQM
HR

A green circular logo with a white water drop in the center, surrounded by three green leaves. Below the circle, the text "Eco friendly" is written in a green, cursive font.

High Speed. Premium Quality. Maximum Productivity

- Dual media rollers with gripper which will support to release the flexible media, fabric smoothly and also multiple rolls can be loaded with adjustable lock
- 3 conductive heaters for media heating and one high efficient IR dryer with fan available for post heating
- Anti crash sensor available for fabric/soft materials
- Front, middle, rear heater and IR heating systems for drying
- High level of precision in the machine parts insure long life of the machine and less service intervals
- 10 FT indoor and outdoor high quality printer with 4 color option - CMYK
- Increased productivity with higher speeds Upto 1200 sqft/hr and supporting a wide range of applications like canvas, Window Film, PVC Banner, Backlit Film, Fabric etc

Technical Specifications

Model	Pixeljet® Torpedo
Technology	Piezo drop on demand
Print head	Konica Minolta industrial-grade print heads KM1024i
Print head number	4 heads
Maximum print size	3200mm
High print speed	120sqm 360x720 2 pass 78sqm 360x720 4pass
Standard print speed	45sqm 720x720 4 pass
Quality print speed	30sqm 720x1080 6 pass
Media type	Fabric, SAV, PVC banner, backlit fabric & film
Media heater	Pre Heater, Middle heater and post heater upto 60° c High-Efficient IR heater with fan for fast drying
File format	PDF, TIFF, JPEG, EPS, AI
No. of colors	4 colors CMYK
Ink type	Eco-solvent inks
Max. material size	3300mm
Resolution	1440dpi
Interface	High-speed USB
Cleaning system	Manual purging and cleaning
Print Interface	Photo print cloud software/ONYX (optional)
Power specification	240V, 15A, 50Hz 1 Phase power
Operational Environment	Temp 18-25° c humidity 20%-80% Rh
